

Invasive Aquatic Species Committee
Chair Jerry Levine

I have been in contact with Sara Gardy, discussing our sampling in Sept. She will be writing a report on the sampling results. I will submit an article for the newsletter.

We also discussed having Sara do a presentation for next summer on invasive aquatic plants, with a demonstration of a variety of invasive plants.

I would like to add a few additional members to the Invasive Species Committee, if you have any contacts that would be interest in being a member of this committee please have them contact me.
