

Newsletter and Program Report for May 14, 2022

Newsletter: Not much to report. We plan to send out our next newsletter on June 25th.

Programs:

I spoke briefly with Morgyn Ellis of Mass Audubon and Claire Johnston of Wildlands Trust at the Herring Festival about a program Morgyn is developing on the effects of climate change on bird migrations. They are interested in presenting the program for HPWA and Wildlands Trust. We agreed to exchange emails to plan a date for the program. I need to follow up as I have not heard from them.

Martha and Brian will lead bird walks on May 17th and 24th at 7am at the Carter Beals Conservation Area.

Blake Dinius will lead a Butterfly Walk for HPWA on June 26th at 10am from Parking Lot 2 in Miles Standish State Forest. We will encourage families to participate.

If you have any suggestions for programs or activities, or newsletter topics, please let me know.
